Institutions API

These are a series of APIs that can be used to fetch information about financial institutions from the HMDA Platform.

Get All Institutions for a Specific Year

This API is used for getting every institution that filed HMDA data for a specific year.

```
Method: GET
Endpoint: https://ffiec.cfpb.gov/v2/reporting/filers/{{year}}
```

Example

Request:

```
curl GET \
  "https://ffiec.cfpb.gov/v2/reporting/filers/2022"
```

Truncated Response:

```
{
  "institutions": [
    {
      "lei": "549300BAZS5RZ8098A51",
```

```
    "name": "POWER FINANCIAL",  
    "period": "2022"  
  },  
  {  
    "lei": "549300UHEEV73TKCZY62",  
    "name": "Self-Help Federal Credit  
Union",  
    "period": "2022"  
  },  
  ...  
]  
}
```

Search for an Institution by LEI

This API is used to fetch information for a particular institution by the institution's LEI.

Method: GET
Endpoint: `https://ffiec.cfpb.gov/v2/public/institutions/{{lei}}/year/{{year}}`

Example

Request:

```
curl GET \  
  "https://ffiec.cfpb.gov/v2/public/institutions/  
BANKLEIFORTEST123456/year/2024"
```

Response:

```
{
  "institutions": [
    {
      "activityYear": 2024,
      "lei": "BANKLEIFORTEST123456",
      "agency": 9,
      "institutionType": -1,
      "institutionId2017": "",
      "taxId": "01-0123456",
      "rssd": -1,
      "emailDomains": [
        "test.com"
      ],
      "respondent": {
        "name": "Test Bank",
        "state": "",
        "city": ""
      },
      "parent": {
        "idRssd": -1,
        "name": ""
      },
      "assets": -1,
      "otherLenderCode": -1,
      "topHolder": {
        "idRssd": -1,
        "name": ""
      },
      "hmdaFiler": false,
      "quarterlyFiler": true,
      "quarterlyFilerHasFiledQ1": false,
      "quarterlyFilerHasFiledQ2": false,
      "quarterlyFilerHasFiledQ3": false,
      "notes": "test"
    }
  ]
}
```

```
}  
  ]  
}
```

Search by Email Domain

This API is used to fetch all institutions associated with a particular email domain. This API is used to determine what institutions a user may be associated with in the HMDA Platform.

Method: GET

Endpoint: `https://ffiec.cfpb.gov/v2/public/institutions?domain={{emailDomain}}`

Example

Request:

```
curl GET \  
  "https://ffiec.cfpb.gov/v2/public/institutions?  
domain=test.com"
```

Response:

```
{  
  "institutions": [  
    {  
      "activityYear": 2024,  
      "lei": "BANKLEIFORTEST123456",  
      "agency": 9,  
      "institutionType": -1,  
      "institutionId2017": "",
```

```

    "taxId": "01-0123456",
    "rssd": -1,
    "emailDomains": [
      "test.com"
    ],
    "respondent": {
      "name": "Test Bank",
      "state": "",
      "city": ""
    },
    "parent": {
      "idRssd": -1,
      "name": ""
    },
    "assets": -1,
    "otherLenderCode": -1,
    "topHolder": {
      "idRssd": -1,
      "name": ""
    },
    "hmdaFiler": false,
    "quarterlyFiler": true,
    "quarterlyFilerHasFiledQ1": false,
    "quarterlyFilerHasFiledQ2": false,
    "quarterlyFilerHasFiledQ3": false,
    "notes": "test"
  }
]
}

```
